*Kate Yeomans*

## **The gripping true story of a failed rescue and a tragedy at sea**

In the predawn darkness of September 5, 1996, the *Heather Lynne II* was struck by a barge and overturned in calm seas 10 miles off Cape Ann, Massachusetts. Trapped inside, three fishermen were alive in the diesel-choked air pocket that kept the boat afloat.

Onlookers waited for the Coast Guard, but when a Coast Guard cutter arrived, it carried no divers. Two hours after the collision, rescue divers finally pulled the three men from the capsized vessel scant minutes too late. Rescuers worked frantically to restore life during the airlift to a Boston hospital, but on arrival, the men were declared dead, their shredded knuckles and fingertips mute evidence of the horror of their last hours.

*Dead Men Tapping* opens four years later in a federal courtroom, where the victims' families are suing the U.S. Coast Guard. As the story unfolds, we come to know the trapped fishermen, their community, their would-be rescuers, the Coast Guardsmen, and the crew of the tug and barge that ran down the *Heather Lynne II*. These ordinary people, doing what they think is their best, propel *Dead Men Tapping* to its heartbreaking conclusion.
