

Almost Free College Courses: How to Acquire Very Low Cost College Credits Quickly

Alexis Williams

Almost Free College Courses – How to Acquire Very Low Cost College Credits Quickly

Do free college courses exist? No, but these college credit programs sure do come close. Yes, it is possible to accumulate college credits very cheaply ... if you know how.

This is the must-have introduction to using non-traditional college credit methods that will help you earn college credits both inexpensively and quickly. If you're not familiar with non-traditional college credit programs then this book concisely explains each program in detail and also gives you an insider's look into how the college system is designed to make you pay lots of money for college credits you can acquire at much lower costs instead. You can pay far less than most students pay for the same college credits.

Topics include:

- How colleges use a marketing technique known as "Operation Moneysuck" to get students to pay far more for their education
- Where to attend school ... does it matter where you get an undergraduate degree? (The answer may surprise you)
- The main ways to guarantee success in college before enrolling in any class
- How to choose the best college degree program that will accept your low cost college credit methods
- What critical mistakes to avoid when choosing any college or degree program
- How to earn lots of college credits (quickly) using non-traditional programs
- Using past experiences and study guides to amass college credits at 90% less cost than traditional classroom college courses
- Save hundreds (maybe even thousands) with these low cost college credit programs
- And much more!
